A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a nedy is wanted by those who suffer from strumous complaints, and that one which will complish their cure must prove of immens ervice to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCHOPULA AND SCROPULOUS COMPLAINTS. ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, STPRILIS AND SYPHILITIC AF-PECTIONS, MERCURIAL DISEASE, DROPSY, NEC-RALDIA OR TIC DOULOUREUR, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERVSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF

This compound will be ound a great pro-noter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeoed in the bud. Multitudes can, by the mid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the itiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and aluggish in the veins; cleanse it whenever it is foul, and your feelings will tell ou when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparille or any thing else.

During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remody should be judiciously taken according to directions on

But Mr. Seward, by a stroke of the pen, has English and Russian evidence, brought about their reach, in defiance of chartered rights; impudently enlisted soldiers upon our soil for their camps, whom they ostentatiously marched through their territory. They made constant raids into this State; robbed us of our property; insulted our people; seized some of our citizens, and carried them away, as prisoners, into the Confederate States. Our military was demoralized by the treachery of its chief officer in command, and many of his subordinates, until it became more an arm of the Confederate States than a Guard of the State of Kentucky. Thus exposed to wrongs and indignities, with no power prepared to prevent or resent them, some of the citizens of this State formed camps under the Federal Government, for the defense and protection of the State of Kentucky. In this condition we found Kentucky when the Legislature met on the first Monday in September. We still hoped to avoid war on our own soil. We were met by assurances from the President of the Confederate States that our position should be respected; but the lak was scarcely dry with which the promise was written, when we were startled by the news that our soil was invaded, and towns in the southwest of our State occupied by Confederate armies.—

The Governor of Tennessee disavowed the act, and protested his innocence of it. There is an infatuating influence about the smell of powder, the shrill whitch of built, and the sight of human blood, that instantly transforms men from cowards to herece—from women sometimes to monsters.
